

Acetic Acid, Glacial,
99.85%, Food Grade

Renewable, Bio-based Acetic Acid

Ideal for your food and preservatives requirements Making them Healthier and Greener

BUSINESS OVERVIEW

Jubilant Ingrevia Limited is introducing food grade Acetic Acid, manufactured from natural feedstock of fermented sugars. This provides a healthier option for your food preservative requirement as compared to Petroleum Route Acetic Acid, which is manufactured from Methanol, a known carcinogenic and poisonous substance.

Food grade Acetic Acid is the main component of commonly found household preservative called Vinegar. Apart from Vinegar it is widely used as a preservative in a variety of food applications ranging from ketchup to breads.

This Food Grade Acetic Acid is manufactured at a state of the art facility of Jubilant Ingrevia, qualifying to all relevant product certifications like ISO 22000, Kosher, Halal, FCC codex and more.

As Jubilant Ingrevia is using a renewable natural feedstock, this food grade Acetic Acid will be free from harmful heavy metals and other carcinogenic substances therefore providing a safer and natural alternative to the food sector across the world.

Jubilant Ingrevia's food grade Acetic Acid offers significantly lower carbon footprint against the petroleum route Acetic acid, improving the green quotient of your product. Jubilant Ingrevia's food grade Acetic Acid offers significantly lower carbon footprint by 110% as against the petroleum route Acetic acid, improving the green quotient of your product.

Product Variants

Product Name:	Food grade Acetic Acid
Route of Synthesis	Bio – Route
Chemical Formula	CH ₃ COOH
Molecular Weight	60 gm/mol
CAS	# 64 – 19 – 7

Food Applications

- Sauces and ketchup
- Vinaigrettes & Marinades
- Canned Fruits and other food products
- Pickles
- Mayonnaise
- Gherkins
- Bread and Bakery preservative

The Healthy Food Grade Acetic Acid, A Must Try!

Jubilant Ingrevia Limited is a global integrated Life Science products and Innovative Solutions provider serving Pharmaceutical, Nutrition, Agrochemical, Consumer and Industrial customers with customised products and solutions that are innovative, cost-effective and conforming to excellent quality standards. The Company offers a broad portfolio of high-quality ingredients that find application in a wide range of industries. The company has 2,100 employees and serves more than 1,400 customers in more than 50 countries across the world. The Company's portfolio also extends to custom research and manufacturing for pharmaceutical and agrochemical customers on an exclusive basis.
