

SUSTAINABILITY POLICY

Jubilant Ingrevia Limited and its subsidiaries are committed to Sustainability and consider accountability, transparency, ethical behavior and respect for stakeholder interests & regulatory compliance as the facets to sustainable development.

We are committed to uphold human rights, decent labor practices and protection of environment while doing business.

As a responsible corporate citizen the company is constantly engaged in delivering value to its stakeholders through its promise of Caring, Sharing & Growing.

The nature of our activities defines resources efficiency, occupational health and safety, transportation safety as significant components for long term sustainability of our business and we stand committed to these.

We are a part of the society and acknowledge our responsibility as a good corporate citizen. We endeavor to have an open dialogue with all our stakeholders and adopt structured plans to bring progressive social change through strategic multi-stakeholder partnerships.

We intend to be a note-worthy force in integrating Sustainability across our value chain.
