

Independent Auditor's Report

To the Members of Jubilant Infrastructure Limited

Report on the Audit of the Financial Statements

Opinion

1. We have audited the accompanying financial statements of Jubilant Infrastructure Limited ('the Company'), which comprise the Balance Sheet as at 31 March 2022, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flow and the Statement of Changes in Equity for the year then ended, and a summary of the significant accounting policies and other explanatory information.
2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ('the Act') in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards ('Ind AS') specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2022, and its profit (including other comprehensive income), its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

3. We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Act. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Information other than the Financial Statements and Auditor's Report thereon

4. The Company's Board of Directors are responsible for the other information. Other information does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

Walker Chandiook & Co LLP

Independent Auditor's Report to the members of Jubilant Infrastructure Limited on the financial statements for the year ended 31 March 2022 (cont'd)

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

The Director Report is not made available to us at the date of this auditor's report. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

5. The accompanying financial statements have been approved by the Company's Board of Directors. The Company's Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation and presentation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS specified under section 133 of the Act and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.
6. In preparing the financial statements, the Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intend to liquidate the Company or to cease operations, or has no realistic alternative but to do so.
7. Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

8. Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.
9. As part of an audit in accordance with Standards on Auditing, specified under section 143(10) of the Act we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
 - Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
 - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system with reference to financial statements in place and the operating effectiveness of such controls;

Walker Chandiook & Co LLP

Independent Auditor's Report to the members of Jubilant Infrastructure Limited on the financial statements for the year ended 31 March 2022 (cont'd)

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management;
 - Conclude on the appropriateness of Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern; and
 - Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
10. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on Other Legal and Regulatory Requirements

11. Based on our audit, we report that the Company has not paid or provided for any managerial remuneration during the year. Accordingly, reporting under section 197(16) of the Act is not applicable.
12. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of section 143(11) of the Act we give in the Annexure A a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
13. Further to our comments in Annexure A, as required by section 143(3) of the Act based on our audit, we report, to the extent applicable, that:
- a) we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the accompanying financial statements;
 - b) in our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - c) The financial statements dealt with by this report are in agreement with the books of account;
 - d) in our opinion, the aforesaid financial statements comply with Ind AS specified under section 133 of the Act;
 - e) on the basis of the written representations received from the directors and taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2022 from being appointed as a director in terms of section 164(2) of the Act;
 - f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company as on 31 March 2022 and the operating effectiveness of such controls, refer to our separate Report in Annexure B wherein we have expressed an unmodified opinion; and
 - g) With respect to the other matters to be included in the Auditor's Report in accordance with rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion and to the best of our information and according to the explanations given to us :

Walker Chandniok & Co LLP

Independent Auditor's Report to the members of Jubilant Infrastructure Limited on the financial statements for the year ended 31 March 2022 (cont'd)

- i. the Company, as detailed in note 33 to the financial statements, has disclosed the impact of pending litigations on its financial position as at 31 March 2022;
- ii. the Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses as at 31 March 2022;
- iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company during the year ended 31 March 2022;
- iv. (a) The management has represented that, to the best of its knowledge and belief, as disclosed in note 37 to the financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or securities premium or any other sources or kind of funds) by the Company to or in any persons or entities, including foreign entities ('the intermediaries'), with the understanding, whether recorded in writing or otherwise, that the intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ('the Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf the Ultimate Beneficiaries;

(b) The management has represented that, to the best of its knowledge and belief, as disclosed in note 37 to the financial statements, no funds have been received by the Company from any persons or entities, including foreign entities ('the Funding Parties'), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ('Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

(c) Based on such audit procedures performed as considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the management representations under sub-clauses (a) and (b) above contain any material misstatement.
- v. The Company has not declared or paid any dividend during the year ended 31 March 2022.

Walker Chandlok & Co LLP

Annexure A referred to in Paragraph 12 of the Independent Auditor's Report of even date to the members of Jubilant Infrastructure Limited on the financial statements for the year ended 31 March 2022

In terms of the information and explanations sought by us and given by the Company and the books of account and records examined by us in the normal course of audit, and to the best of our knowledge and belief, we report that:

- (i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment and right of use assets.
- (B) The Company has maintained proper records showing full particulars of intangible assets.
- (b) The Company has a regular program of physical verification of its property, plant and equipment and right of use assets under which the assets are physically verified in a phased manner over a period of three years, which in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. In accordance with this program, certain property, plant and equipment and right of use assets were verified during the year and no material discrepancies were noticed on such verification.
- (c) The title deeds of all the immovable properties held by the Company (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee) disclosed in the financial statements are held in the name of the Company. For properties where the Company is a lessee and the lease agreements are duly executed in favour of the lessee, the Company has entered into sub-leasing arrangements in certain cases.
- (d) The Company has not revalued its property, plant and equipment or right of use assets or intangible assets during the year.
- (e) No proceedings have been initiated or are pending against the Company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder. Accordingly, reporting under clause 3(i)(e) of the Order is not applicable to the Company.
- (ii) (a) The management has conducted physical verification of inventory at reasonable intervals during the year. In our opinion, the coverage and procedure of such verification by the management is appropriate and no discrepancies of 10% or more in the aggregate for each class of inventory were noticed.
- (b) The Company has not been sanctioned working capital limits by banks or financial institutions on the basis of security of current assets during any point of time of the year. Accordingly, reporting under clause 3(ii)(b) of the Order is not applicable to the Company.
- (iii)(a) The Company has provided loans to others during the year as per details given below:

Particulars	Loans (Rs. in lakhs)
Aggregate amount provided/granted during the year	2,300
Balance outstanding as at balance sheet date in respect of above case	19,599

- (b) The Company has not made any investment, provided any guarantee or given any security during the year. However, the Company has granted loan to one entity, amounting to Rs. 2,300 lakhs (year-end balance Rs. 19,599 lakhs) and in our opinion, and according to the information and explanations given to us, terms and conditions of the grant of such loan are, prima facie, not prejudicial to the interest of the Company.
- (c) In respect of loans and advances in the nature of loans granted by the Company, the schedule of repayment of principal and payment of interest has been stipulated and principal amount is not due for repayment currently, however, the receipt of the interest is regular.

Walker Chandio & Co LLP

Annexure A referred to in Paragraph 12 of the Independent Auditor's Report of even date to the members of Jubilant Infrastructure Limited on the financial statements for the year ended 31 March 2022 (cont'd)

- (d) There is no overdue amount in respect of loans or advances in the nature of loans granted to said entity.
- (e) The Company has not granted any loan which has fallen due during the year. Further, no fresh loans were granted to any party to settle the overdue loans.
- (f) The Company has granted loans to related parties, the outstanding balance of the same is Rs. 19,599 lakhs. These loans are repayable on demand.
- (iv) In our opinion, and according to the information and explanations given to us, the Company has complied with the provisions of section 186 of the Act in respect of loans and investments, as applicable. Further, the Company has not entered into any transaction covered under section 185 and section 186 of the Act in respect of guarantee and security.
- (v) In our opinion, and according to the information and explanations given to us, the Company has not accepted any deposits or there is no amount which has been considered as deemed deposit within the meaning of sections 73 to 76 of the Act and the Companies (Acceptance of Deposits) Rules, 2014 (as amended). Accordingly, reporting under clause 3(v) of the Order is not applicable to the Company.
- (vi) The Central Government has not specified maintenance of cost records under sub-section (1) of section 148 of the Act, in respect of the Company's business activity. Accordingly, reporting under clause 3(vi) of the Order is not applicable.
- (vii)(a) In our opinion, and according to the information and explanations given to us, the Company is regular in depositing undisputed statutory dues including goods and services tax, provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of customs, duty of excise, value added tax, cess and other material statutory dues, as applicable, with the appropriate authorities. Further, no undisputed amounts payable in respect thereof were outstanding at the year-end for a period of more than six months from the date they became payable.
- (b) According to the information and explanations given to us, there are no statutory dues referred in sub-clause (a) which have not been deposited with the appropriate authorities on account of any dispute except for the following:

Name of the statute	Nature of dues	Gross Amount (₹ in lakhs)	Amount paid under Protest (₹ in lakhs)	Period to which the amount relates	Forum where dispute is pending
Income-tax Act, 1961	Income tax	476.33	293.73	Financial Year ('FY') 2011-2012#	Income tax Appellate Tribunal
Income-tax Act, 1961	Income tax	27.23^	-	FY 2011-2012#	Commissioner of Income Tax (Appeals)
Income-tax Act, 1961	Income tax	9.50	-	FY 2015-2016#	Commissioner of Income Tax (Appeals)

includes interest and penalty wherever determined

^ in this case, no demand has been raised by Income-tax Authorities as any additions to the income will result in reduction of tax losses for the relevant financial year.

- (viii) According to the information and explanations given to us, no transactions were surrendered or disclosed as income during the year in the tax assessments under the Income-tax Act, 1961 (43 of 1961) which have not been recorded in the books of accounts.

Walker Chandiok & Co LLP

Annexure A referred to in Paragraph 12 of the Independent Auditor's Report of even date to the members of Jubilant Infrastructure Limited on the financial statements for the year ended 31 March 2022 (cont'd)

- (ix)(a) According to the information and explanations given to us, loan amounting to Rs. 15,625 lakhs are repayable on demand. Further, such loan has not been demanded for repayment as on date and the Company has not defaulted in payment of interest thereon.
- (b) According to the information and explanations given to us including representation received from the management of the Company, and on the basis of our audit procedures, we report that the Company has not been declared a willful defaulter by any bank or financial institution or other lender.
- (c) In our opinion and according to the information and explanations given to us, the Company has not raised any money by way of term loans during the year and did not have any term loans outstanding at the beginning of the current year. Accordingly, reporting under clause 3(ix)(c) of the Order is not applicable to the Company.
- (d) In our opinion and according to the information and explanations given to us, the Company has not raised any funds on short term basis during the year or in any previous year. Accordingly, reporting under clause 3(ix)(d) of the Order is not applicable to the Company.
- (e) According to the information and explanations given to us, the Company does not have any subsidiaries, associates or joint ventures. Accordingly, reporting under clause 3(ix)(e) and clause 3(ix)(f) of the Order is not applicable to the Company.
- (x) (a) The Company has not raised any money by way of initial public offer or further public offer (including debt instruments), during the year. Accordingly, reporting under clause 3(x)(a) of the Order is not applicable to the Company.
- (b) According to the information and explanations given to us, the Company has not made any preferential allotment or private placement of shares or (fully, partially or optionally) convertible debentures during the year. Accordingly, reporting under clause 3(x)(b) of the Order is not applicable to the Company.
- (xi) (a) To the best of our knowledge and according to the information and explanations given to us, no fraud by the Company or on the Company has been noticed or reported during the period covered by our audit.
- (b) No report under section 143(12) of the Act has been filed with the Central Government for the period covered by our audit.
- (c) According to the information and explanations given to us including the representation made to us by the management of the Company, there are no whistle-blower complaints received by the Company during the year.
- (xii) The Company is not a Nidhi Company and the Nidhi Rules, 2014 are not applicable to it. Accordingly, reporting under clause 3(xii) of the Order is not applicable to the Company.
- (xiii) In our opinion and according to the information and explanations given to us, all transactions entered into by the Company, with the related parties are in compliance with section 188 of the Act. The details of such related party transactions have been disclosed in the financial statements, as required under Indian Accounting Standard (Ind AS) 24, Related Party Disclosures specified in Companies (Indian Accounting Standards) Rules 2015 as prescribed under section 133 of the Act. Further, according to the information and explanations given to us, the Company is not required to constitute an audit committee under section 177 of the Act.
- (xiv)(a) In our opinion and according to the information and explanations given to us, the Company has an internal audit system as required under section 138 of the Act which is commensurate with the size and nature of its business.

Walker Chandiook & Co LLP

Annexure A referred to in Paragraph 12 of the Independent Auditor's Report of even date to the members of Jubilant Infrastructure Limited on the financial statements for the year ended 31 March 2022 (cont'd)

- (b) We have considered the reports issued by the Internal Auditors of the Company till date for the period under audit.
- (xv) According to the information and explanation given to us, the Company has not entered into any non-cash transactions with its directors or persons connected with them and accordingly, provisions of section 192 of the Act are not applicable to the Company.
- (xvi)(a) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, reporting under clauses 3(xvi)(a), (b) and (c) of the Order are not applicable to the Company.
- (d) Based on the information and explanations given to us and as represented by the management of the Company, the Group (as defined in Core Investment Companies (Reserve Bank) Directions, 2016) does not have any CIC.
- (xvii) The Company has not incurred any cash loss in the current as well as the immediately preceding financial year.
- (xviii) There has been no resignation of the statutory auditors during the year. Accordingly, reporting under clause 3(xviii) of the Order is not applicable to the Company.
- (xix) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the plans of the Board of Directors and management and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- (xx) According to the information and explanations given to us, the Company does not have any unspent amount in respect of any ongoing or other than ongoing project as at the expiry of the financial year. Accordingly, reporting under clause 3(xx) of the Order is not applicable to the Company.
- (xxi) The reporting under clause 3(xxi) of the Order is not applicable in respect of audit of standalone financial statements of the Company. Accordingly, no comment has been included in respect of said clause under this report.

Walker Chandiook & Co LLP

Annexure B to the Independent Auditor's Report of even date to the members of Jubilant Infrastructure Limited on the financial statements for the year ended 31 March 2022

Annexure B

Independent Auditor's Report on the internal financial controls with reference to the financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

1. In conjunction with our audit of the financial statements of Jubilant Infrastructure Limited ('the Company') as at and for the year ended 31 March 2022, we have audited the internal financial controls with reference to financial statements of the Company as at that date.

Responsibilities of Management and Those Charged with Governance for Internal Financial Controls

2. The Company's Board of Directors is responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting ('the Guidance Note') issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the Company's business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility for the Audit of the Internal Financial Controls with Reference to Financial Statements

3. Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the ICAI prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements, and the Guidance Note issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements includes obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

(This space has been intentionally left blank)

Walker Chandniok & Co LLP

Annexure B to the Independent Auditor's Report of even date to the members of Jubilant Infrastructure Limited on the financial statements for the year ended 31 March 2022 (Cont'd.)

Meaning of Internal Financial Controls with Reference to Financial Statements

6. A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Financial Statements

7. Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such controls were operating effectively as at 31 March 2022, based on the internal financial controls with reference to the financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

Company Secretary

Navneet Kumar Agarwal

Chief Financial Officer

Note 1: Corporate information

Jubilant Infrastructure Limited ("the Company") is domiciled in India and incorporated under the provisions of Companies Act, 1956. The Company was a wholly owned subsidiary of Jubilant Pharmova Limited. As per the Composite Scheme of Arrangement ("Composite Scheme") the Life Science Ingredients business, including employees and its subsidiaries pertaining to said Life Science Ingredients business stands transferred and vested into Jubilant Ingrevia Limited effective 1 February 2021 and accordingly the Company is now a wholly owned subsidiary of Jubilant Ingrevia Limited. The Company is a Special Economic Zone (SEZ) Developer to provide infrastructure facilities to the SEZ units.

Note 2: Significant accounting policies

This note provides a list of the significant accounting policies adopted in the preparation of these financial statements. The accounting policies adopted are consistent with those of the previous financial year.

(a) Basis of preparation

(i) *Statement of compliance*

The financial statements have been prepared in accordance with the accounting principles generally accepted in India including Indian Accounting Standards ('Ind AS') specified under section 133 of the Companies Act, 2013, ("the Act"). All amounts included in the financial statements are reported in lakhs of Indian Rupees ('Rupees' or '₹') and are rounded to the nearest lakhs, except per share data and unless stated otherwise.

These financial statements have been authorised for issue by the Company's Board of Directors.

(ii) *Historical cost convention*

The financial statements have been prepared under historical cost convention on accrual basis, unless otherwise stated.

(b) Current versus non-current classification

The Company presents assets and liabilities in the Balance Sheet based on current/ non-current classification. An asset is treated as current when:

- It is expected to be realised or intended to be sold or consumed in normal operating cycle;
- It is held primarily for the purpose of trading;
- It is expected to be realised within twelve months after the reporting period; or
- It is cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

The Company classifies all other assets as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting period; or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities respectively.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle for the purpose of current/non-current classification of assets and liabilities.

(c) Property, plant and equipment (PPE) and intangible assets

(i) **Property, plant and equipment**

Property, plant and equipment are stated at cost, which includes capitalised finance costs, less accumulated depreciation and any accumulated impairment loss. Cost includes expenditure that is directly attributable to the acquisition of the items. The cost of an item of a PPE comprises its purchase price including import duty, and other non-refundable taxes or levies and any directly attributable cost of bringing the asset to its working condition of its intended use.

Any trade discounts and rebates are deducted in arriving at the purchase price.

Expenditure incurred on startup and commissioning of the project and/or substantial expansion, including the expenditure incurred on trial runs (net of trial run receipts, if any) up to the date of commencement of commercial production are capitalised. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

Advances paid towards acquisition of property, plant and equipment outstanding at each Balance Sheet date, are shown under other non-current assets and cost of assets not ready for intended use before the year end, are shown as capital work-in-progress.

Jubilant Infrastructure Limited
Notes to the financial statements for the year ended 31 March 2022

(ii) Intangible assets

- Intangible assets that are acquired (including implementation of software system) are measured initially at cost.
- After initial recognition, an intangible asset is carried at its cost less accumulated amortisation and any accumulated impairment loss. Subsequent expenditure is capitalised only when it increases the future economic benefits from the specific asset to which it relates.

(iii) Depreciation and amortization methods, estimated useful lives and residual value

Depreciation is provided on straight line basis on the original cost or acquisition cost of assets or other amounts substituted for cost of assets PPE as per the useful life specified in Part 'C' of Schedule II of the Act. The estimated useful lives considered for the assets are as under:

Type/Category of Assets	Useful lives - as per schedule II of the Act (in years)	Useful lives - as estimated by the Company (in years)
Buildings (including roads)	3-60	3-60
Plant and equipment (including electrical installation)	10-25	5-25
Furniture and fixtures	10	10
Office equipment including end user devices	3-5	3-5
Vehicle	8	5
Computer servers and networks (included in office equipment)	6	5

Software systems are being amortised over a period of five years being their useful life. Rights are amortised over the lease term of contractual agreement with GIDC (Gujarat Industrial Development Corporation) for using power, water and effluent pipeline network.

Depreciation and amortization on property, plant and equipment and intangible assets added/disposed off during the year has been provided on pro-rata basis with reference to the date of addition or disposal.

Depreciation and amortization methods, useful lives and residual values are reviewed at the end of each reporting period and adjusted if appropriate.

(iv) Derecognition-

Property, plant and equipment and intangible assets is derecognised on disposal or when no future economic benefits are expected from its use and disposal. Losses arising from retirement and gains or losses arising from disposal of a tangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of Profit and Loss.

(d) Impairment of non-financial assets

The Company's non-financial assets other than inventories and deferred tax assets, are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

For impairment testing, assets that do not generate independent cash inflows are grouped together into cash-generating units (CGUs). Each CGU represents the smallest group of assets that generates cash inflows that are largely independent of the cash inflows of other assets or CGUs.

The recoverable amount of an assets or CGU is the higher of its value in use and its fair value less costs to sell. Value in use is based on the estimated future cash flows, discounted to their present value using a discount rate that reflects current market assessments of the time value of money and the risks specific to the assets or CGU.

An impairment loss is recognised if the carrying amount of an asset or CGU exceeds its estimated recoverable amount. Impairment loss recognized in respect of a CGU is allocated first to reduce the carrying amounts of the other assets of the CGU (or group of CGUs) on a pro rata basis.

In respect of non-financial assets for which impairment loss has been recognised in prior periods, the Company reviews at reporting date whether there is any indication that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. Such a reversal is made only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

(This space has been left blank intentionally)

(e) Financial instrument

A Financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

(i) Financial assets

Recognition and initial measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in four categories:

- Debt instruments at amortised cost
- Debt instruments at fair value through other comprehensive income (FVOCI)
- Debt instruments, derivatives and equity instruments at fair value through profit or loss (FVPL)
- Equity instruments measured at fair value through other comprehensive income (FVOCI)

Debt instruments at amortised cost

A 'debt instrument' is measured at the amortised cost if the asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. The effective interest rate is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial instrument to the gross carrying amount of the financial asset or the amortised cost of the financial liability. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in other income in the Statement of Profit and Loss. The losses arising from impairment are recognised in the Statement of Profit and Loss. This category generally applies to trade and other receivables.

Debt instrument at FVOCI

A 'debt instrument' is classified as at the FVOCI if the objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and the asset's contractual cash flows represent SPPI.

Debt instruments included within the FVOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognised in the other comprehensive income (OCI). On derecognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified to the Statement of Profit and Loss. Interest earned whilst holding FVOCI debt instrument is reported as interest income using the EIR method.

Debt instrument at FVPL

FVPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorisation as at amortised cost or as FVOCI, is classified as at FVPL. In addition, the Company may elect to designate a debt instrument, which otherwise meets amortised cost or FVOCI criteria, as at FVPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch').

Debt instruments included within the FVPL category are measured at fair value with all changes recognised in the Statement of Profit and Loss.

Equity investments

All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading and contingent consideration recognised by an acquirer in a business combination to which Ind AS 103 applies are classified as at FVPL. For all other equity instruments, the Company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Company makes such election on an instrument by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the Company decides to classify an equity instrument as at FVOCI, then all fair value changes on the instrument, excluding dividends, are recognised in the OCI. There is no recycling of the amounts from OCI to the Statement of Profit and Loss, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity.

Equity instruments included within the FVPL category are measured at fair value with all changes recognised in the Statement of Profit and Loss.

Impairment of financial assets

The Company recognizes loss allowance using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. For all financial assets with contractual cash flows other than trade receivable, ECLs are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of ECLs (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognised as an impairment gain or loss in the Statement of Profit and Loss.

Jubilant Infrastructure Limited
Notes to the financial statements for the year ended 31 March 2022

Derecognition of financial assets

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognized (i.e., removed from the Company's balance sheet) when:

- The rights to receive cash flows from the asset have expired; or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

(ii) Financial liabilities

Recognition and initial measurement

Financial liabilities are classified as measured at amortised cost or FVPL. A financial liability is classified as at FVPL if it is classified as held for trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVPL are measured at fair value and net gains and losses, including any interest expense, are recognised in Statement of Profit and Loss. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in Statement of Profit and Loss. Any gain or loss on derecognition is also recognised in Statement of Profit and Loss.

Derecognition of financial liabilities

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

(iii) Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the Balance Sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

(iv) Share capital

Equity shares are classified as equity. Incremental costs directly attributable to the issue of ordinary shares are recognised as a deduction from equity. Income tax relating to transaction costs of an equity transaction is accounted for in accordance with Ind AS 12.

(f) Inventories

Inventories are valued at lower of cost or net realisable value except scrap, which is valued at net estimated realisable value.

The methods of determining cost of various categories of inventories are as follows:

Stores and spares	Weighted average method
Goods in transit	Cost of purchase

Cost includes all costs of purchase, costs of conversion and other costs incurred in bringing the inventories to their present location and condition.

Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale.

The comparison of cost and net realisable value is made on an item-by-item basis.

(g) Cash and cash equivalents

Cash and cash equivalent comprise cash at banks and on hand (including imprest) and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

(h) Provisions and contingencies

(i) Provisions

A provision is recognised if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. Where discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost. The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at reporting date, taking into account the risks and uncertainties surrounding the

obligation.

(ii) Contingent assets

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, the receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

(iii) Contingent liabilities

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

(i) Revenue recognition

The Company earns revenue primarily from sale of utilities, maintenance services, and leasing income.

Ind AS 115 is applied to service contracts with customer except for lease contract which is within the scope of Ind AS 116.

Revenue from sale of utilities is recognised upon transfer of control to the customers. Service income is recognised as and when the underlying services are performed. The Company exercises judgement in determining whether the performance obligation is satisfied at a point in time or over a period of time.

Revenues are measured based on the transaction price, which is the consideration, net of tax collected from customers and remitted to government authorities such as goods and service tax, and applicable discounts and allowances.

A receivable is recognised by the Company when control of the goods and services is transferred and the Company's right to an amount of consideration under the contract with the customer is unconditional, as only the passage of time is required. When either party to a contract has performed, the Company presents the contract in the balance sheet as a contract asset or a contract liability, depending on the relationship between the company's performance and the customer's payment.

Contract assets are recognised when there is excess of revenue earned over billings on contracts. Contract assets are classified as unbilled receivables (only act of invoicing is pending) when there is unconditional right to receive cash and only passage of time is required as per contractual terms. Contract liabilities are recognised when there are billings in excess of revenues. Contract liabilities relate to the advance received from customers and deferred revenue against which revenue is recognised when or as the performance obligation is satisfied.

Lease income

Revenue from lease of Special Economic Zone land is recognised on straight line basis in terms of the lease agreement.

Development charges received is recognised on straight line basis over the period over which the Company satisfies the underlying performance obligations.

(j) Employee benefits

(i) Short-term employee benefits:

All employee benefits falling due within twelve months of the end of the period in which the employees render the related services are classified as short-term employee benefits, which include benefits like salaries, wages, short term compensated absences, performance incentives, etc. and are recognised as expenses in the period in which the employee renders the related service and measured accordingly.

(ii) Post-employment benefits:

Post employment benefit plans are classified into defined benefits plans and defined contribution plans as under:

a) Gratuity

The Company has an obligation towards gratuity, a defined benefit retirement plan covering eligible employees. The plan provides for a lump sum payment to vested employees at retirement, death while in employment or on termination of employment of an amount based on the respective employee's salary and the tenure of employment. The liability in respect of gratuity, is recognised in the books of accounts based on actuarial valuation by an independent actuary.

b) Provident fund

This is treated as defined contribution plan. The Company makes contribution to the Regional Provident Fund Commissioner. Company's contribution to the provident fund is charged to Statement of Profit and Loss.

(iii) Other long-term employee benefits:

Compensated absences:

As per the Company's policy, eligible leaves can be accumulated by the employees and carried forward to future periods to either be utilised during the service, or encashed. Encashment can be made during service, on early retirement, on withdrawal of scheme, at resignation and upon death of the employee. Accumulated compensated absences are treated as other long-term employee benefits.

(iv) Termination benefits:

Termination benefits are recognised as an expense when, as a result of a past event, the Company has a present obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation.

(v) Actuarial valuation

The liability in respect of all defined benefit plans is accrued in the books of account on the basis of actuarial valuation carried out by an independent actuary using the Projected Unit Credit Method, which recognizes each year of service as giving rise to additional unit of employee benefit entitlement and measure each unit separately to build up the final obligation. The obligation is measured at the present value of estimated future cash flows. The discount rates used for determining the present value of obligation under defined benefit plans, is based on the market yields on Government securities as at the Balance Sheet date, having maturity periods approximating to the terms of related obligations.

Remeasurement gains and losses in respect of all defined benefit plans arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the Statement of Changes in Equity and in the Balance Sheet. Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in profit or loss as past service cost. Gains or losses on the curtailment or settlement of any defined benefit plan are recognised when the curtailment or settlement occurs. Past service cost is recognised as an expense in the Statement of Profit and Loss on a straight-line basis over the average period until the benefits become vested.

To the extent that the benefits are already vested immediately following the introduction of, or changes to, a defined benefit plan, the past service cost is recognised immediately in the Statement of Profit and Loss. Past service cost may be either positive (where benefits are introduced or improved) or negative (where existing benefits are reduced).

(k) Finance costs and finance income

Finance costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Finance cost also includes exchange differences to the extent regarded as an adjustment to the finance costs. Finance costs that are directly attributable to the construction or production or development of a qualifying asset are capitalized as part of the cost of that asset. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale. All other finance costs are expensed in the period in which they occur.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the finance costs eligible for capitalization. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in the Statement of Profit and Loss over the period of the borrowings using the effective interest method. Ancillary costs incurred in connection with the arrangement of borrowings are amortised over the period of such borrowings.

Finance income consists of interest income. Interest income or expense is recognised using the effective interest method. In calculating interest income or expense, the EIR is applied to the gross carrying amount of the asset (when the asset is not credit-impaired) or to the amortised cost of the liability. However, for financial assets that have become credit-impaired subsequent to initial recognition, interest income is calculated by applying the effective interest rate to the amortised cost of the financial asset. If the asset is no longer credit-impaired, then the calculation of interest income reverts to the gross basis.

(l) Income tax

Income tax expense comprises current and deferred tax. It is recognised in Statement of Profit and Loss except to the extent that it relates to a business combination, or items recognised directly in equity or in OCI.

• **Current tax:**

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax payable or receivable is the best estimate of the tax amount expected to be paid or received after considering uncertainty related to income taxes, if any. It is measured using tax rates enacted or substantively enacted at the reporting date.

Current tax assets and liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

• **Deferred tax:**

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred tax is not recognised for:

- temporary differences arising on the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss at the time of the transaction;
- temporary differences related to freehold land, to the extent that the Company is able to control the timing of the reversal of the temporary differences and it is probable that they will not reverse in the foreseeable future; and
- taxable temporary differences arising on the initial recognition of goodwill.

Deferred tax assets (DTA) include Minimum Alternate Tax (MAT) paid in accordance with the tax laws in India, which is likely to give future economic benefits in the form of availability of set off against future income tax liability. MAT is a tax liability of company computed at specified rate on adjusted book profits as per applicable provisions of the Income Tax Act. A company is liable to pay MAT, if the income tax payable under normal provisions of the Income Tax Act is less than tax payable under MAT.

Jubilant Infrastructure Limited

Notes to the financial statements for the year ended 31 March 2022

Deferred tax assets are recognised for unused tax losses, unused tax credits and deductible temporary differences to the extent that it is probable that future taxable profits will be available against which they can be used. Unrecognised deferred tax assets are reassessed at each reporting date and recognised to the extent that it has become probable that future taxable profits will be available against which they can be used. Deferred tax is measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on the laws that have been enacted or substantively enacted by the reporting date. The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

For operations carried out in SEZs, deferred tax assets or liabilities, if any, have been established for the tax consequences of those temporary differences between the carrying values of assets and liabilities and their respective tax bases that reverse after the tax holiday ends.

(m) Leases

Company as a lessee

The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (1) the contract involves the use of an identified asset; (2) the Company has substantially all of the economic benefits from use of the asset through the period of the lease; and (3) the Company has the right to direct the use of the asset.

The Company's lease asset classes primarily consist of leases for land and vehicles which typically run for a period of 3 to 99 years, with an option to renew the lease after that date. At the date of commencement of the lease, the Company recognises a right-of-use asset and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases). For these short-term leases, the Company recognises the lease payments as an operating expense on a straight-line basis over the term of the lease.

The right-of-use assets are initially recognised at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses, if any.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognised in the Statements of Profit or Loss.

The lease liability is initially measured at amortised cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates based on information available as at the date of commencement of the lease. Lease liabilities are remeasured with a corresponding adjustment to the related right-of-use asset if the Company changes its assessment of whether it will exercise an extension or a termination option. Lease liability and right-of-use asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

Ind AS 116 requires lessees to determine the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Company makes an assessment on the expected lease term on a lease-by-lease basis and thereby assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. In evaluating the lease term, the Company considers factors such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of the lease and the importance of the underlying asset to Company's operations taking into account the location of the underlying asset and the availability of suitable alternatives. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances.

Company as a lessor

At the inception of the lease the Company classifies each of its leases as either an operating lease or a finance lease. Contracts in which all the risks and rewards of the lease are substantially transferred to the lessee are classified as a finance lease. All other leases are classified as operating leases. The Company recognises lease payments received under operating leases as income on a straight-line basis over the lease term. When the Company is an intermediate lessor it accounts for its interests in the head lease and the sub-lease separately. The sub-lease is classified as a finance lease or an operating lease by reference to the right of use asset arising from the head-lease.

(n) Foreign currency translation

(i) Functional and presentation currency

The functional currency of the Company is the Indian rupee. These financial statements are presented in Indian rupees.

(ii) Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at Balance Sheet date exchange rates are generally recognised in Statement of Profit and Loss.

Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined. Translation differences on assets and liabilities carried at fair value are reported as part of the fair value gain or loss. For example, translation differences on non-monetary assets such as equity investments classified as FVOCI are recognised in other comprehensive income (OCI).

(o) Earnings per share

(i) *Basic earnings per share*

Basic earnings per share is calculated by dividing:

- the profit attributable to owners of the Company.
- by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year and excluding treasury shares.

(ii) *Diluted earnings per share*

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- the after income tax effect of interest and other financing costs associated with dilutive potential equity shares; and
- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

(p) Measurement of fair values

A number of the accounting policies and disclosures require measurement of fair values, for both financial and non-financial assets and liabilities.

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

The Company has an established control framework with respect to the measurement of fair values. This includes a finance team that has overall responsibility for overseeing all significant fair value measurements, including Level 3 fair values.

The finance team regularly reviews significant unobservable inputs and valuation adjustments. If third party information, is used to measure fair values, then the finance team assesses the evidence obtained from the third parties to support the conclusion that these valuations meet the requirements of Ind AS, including the level in the fair value hierarchy in which the valuations should be classified.

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

Further information about the assumptions made in measuring fair values used in preparing these financial statements is included in the respective notes.

(q) Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. The CFO of the Company are responsible for allocating resources and assessing performance of the operating segments, and accordingly, identified as the chief operating decision maker. Revenues, expenses, assets and liabilities, which are common to the enterprise as a whole and are not allocable to segments on a reasonable basis, have been treated as "unallocated revenues/ expenses/ assets/ liabilities", as the case may be.

(r) Critical estimates and judgements

The preparation of Financial Statements requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected. In particular, information about significant areas of estimation uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the financial statements is included in the following notes.

- Assessment of useful life of property, plant and equipment and intangible asset – Note 2(c)
- Valuation of Inventories – Note 2(f)
- Fair value measurement – Note 2(p)
- Estimation of assets and obligations relating to employee benefits – Note 2(j)
- Recognition and estimation of tax expense including deferred tax– Note 2(l)
- Impairment of financial assets and non-financial assets – Note 2(d) and 2(e)
- Recognition and measurement of contingency: Key assumption about the likelihood and magnitude of an outflow of resources – Note 33
- Lease classification – Note 2(m)

Jubilant Infrastructure Limited
Notes to the financial statements for the year ended 31 March 2022

(s) Recent accounting pronouncement issued but not made effective

Ministry of Corporate Affairs (“MCA”) notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On 23 March 2022, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2022, applicable from 1 April 2022 as below:

(i) Ind AS 103 - Business Combination

The amendments specifies that to qualify for recognition as part of applying the acquisition method, the identifiable assets acquired and liabilities assumed must meet the definitions of assets and liabilities in the Conceptual Framework for Financial Reporting under Ind AS (Conceptual Framework), issued by the ICAI at the acquisition date. These changes do not significantly change the requirements of Ind AS 103. The Company does not expect the amendment to have any significant impact in its standalone financial statements.

(ii) Ind AS 16 - Property, Plant and Equipment (PPE)

The amendments clarifies that excess of net sale proceeds of items produced over the cost of testing while preparing the asset for its intended use (if any), shall not be recognise in the profit or loss but deducted from the directly attributable cost considered as part of cost of an item PPE. The Company has evaluated the amendment and there is no impact in recognition of its property, plant and equipment on its standalone financial statements.

(iii) Ind AS 37 - Provisions, Contingent Liabilities and Contingent Assets

The amendments specify that that the ‘cost of fulfilling’ a contract comprises the ‘costs that relate directly to the contract. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labour, materials) or an allocation of other costs that relate directly to fulfilling contracts (an example would be the allocation of the depreciation charge for an item of property, plant and equipment used in fulfilling the contract). The amendment is essentially a clarification and the Company does not expect the amendment to have any significant impact in its standalone financial statements.

(iv) Ind AS 109 - Financial Instruments

The amendment clarifies which fees an entity includes when it applies the ‘10 percent’ test of Ind AS 109 in assessing whether to derecognise a financial liability or to consider as modification of existing financial liability. The Company does not expect the amendment to have any significant impact in its standalone financial statements.

Aggregate number and class of shares allotted as fully paid up pursuant to contract(s) without payment being received in cash, by way of bonus shares and shares bought back for the period of 5 years immediately preceding the balance sheet date

The Company did not issue any shares pursuant to contract(s) without payment being received in cash
The Company did not issue bonus shares in preceding 5 years.
The Company has not undertaken any buy back of shares.

Note 15(b): Nature and purpose of other equity

Capital reserve

Capital reserve represents accumulated capital surplus not available for distribution of dividend. The reserve is expected to remain invested permanently.

Securities premium

Securities premium represents the unutilised accumulated balance of issue price over face value on issue of shares. The amount is utilised in accordance with the provisions of the Act.

Debenture redemption reserve

The Company is required to create a debenture redemption reserve out of the profit prior to the redemption of debentures. This reserve is available for distribution of dividend post redemption of debentures.

General reserve

This represents appropriation of profit by the Company and is available for distribution of dividend.

Retained earnings

Retained earnings represent the amount of accumulated earning and re-measurement differences on defined benefit plans recognised in OCI within equity.

Equity instrument through OCI

The Company has elected to recognise changes in the fair value of certain investments in equity securities in other comprehensive income. These changes are accumulated within the equity instrument through OCI within equity. The Company transfers amount therefrom to retained earnings when the relevant equity securities are derecognised.

Note 16: Non-current borrowings

	(₹ in lakhs)	
	As at 31 March 2022	As at 31 March 2021

Total financial liabilities			17,979.87			18,295.80

Note:

- (a) Fair valuation of financial assets and liabilities with short term maturities is considered as approximate to respective carrying amount due to the short-term maturities of these instruments. Further, the fair value disclosure of lease liabilities is also not required.
- (b) All the equity instruments which are quoted, level of hierarchy is level 1 and for the unquoted instruments, level of hierarchy is level 3.
- (c) The fair value is determined by using the valuation model/technique with observable/non-observable inputs and assumptions. Quoted investment in equity instruments are at level 1 and unquoted investment in equity instruments are at level 3.
- (d) The fair value of loans given is below:

	Fair Value	
	31 March 2022	31 March 2021
Loans *	19,599.04	19,099.30
	19,599.04	19,099.30

*The fair value of loans is based upon a discounted cash flow analysis that used the aggregate cash flows from principal and finance income over the life of the loan and current market interest rates.

- (e) The fair value of borrowings is below:

	Fair Value	
	31 March 2022	31 March 2021
Borrowing*	15,625.00	17,425.00
	15,625.00	17,425.00

*The fair value of borrowing is based upon a discounted cash flow analysis that used the aggregate cash flows from principal and finance cost over the life of the loan and current market interest rates.

- (f) There are not transfers between level 1, level 2 and level 3 during the year ended 31 March 2022 and 31 March 2021.

Reconciliation of Level 3 fair value measurement:

(₹ in lakhs)

Particulars	For the year ended 31 March 2022	For the year ended 31 March 2021
Opening balance	98.94	113.46
Loss recognized in other comprehensive income	(3.29)	(14.52)
Closing balance	95.65	98.94

Jubilant Infrastructure Limited
Notes to the financial statements for the year ended 31 March 2022

Valuation inputs and relationship to fair values

Name of security	Fair values		Valuation techniques/methodology	Unobservable input	Sensitivity
	As at 31 March 2022	As at 31 March 2021			
Investments in quoted financial instruments (level 1)	233.33	93.83	The fair values are based on the quoted market prices as at the reporting date.	Not applicable	Not applicable
Investments in unquoted financial instruments (level 3)	95.65	98.94	The fair values are based on the market prices for the underlying assets of the Company.	Market prices of the underlying assets	When the value of the underlying assets of the Company is increased or decreased by 1%, the fair valuation increases or decreases by Rs 7.79 lakhs.

Note 29: Financial risk management

A. Risk management framework

The Company's board of directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The risk management framework is intended to ensure that risks are taken care with due diligence. The Company, through three layers of defense namely policies and procedures, review mechanism and assurance aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations. The Board oversee the formulation and implementation of the Risk management policies. The risks are identified, and mitigation plans are identified deliberated and reviewed at appropriate forum.

The Company has exposure to the following risks arising from financial instruments:

- credit risk;
- liquidity risk; and
- market risk.

i. Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers, loans, investment and other financial assets. The carrying amount of financial assets represents the maximum credit exposure.

Trade receivable and other financial assets

The Company has established a credit policy under which each new customer is analysed individually for creditworthiness before the Company's standard payment and delivery terms and conditions are offered. The Company's review includes external ratings, if they are available, financial statements, credit agency information, industry information and business intelligence. Sale limits are established for each customer and reviewed annually. Any sales exceeding those limits require approval from the appropriate authority as per policy. In monitoring customer credit risk, customers are grouped according to their credit characteristics, including whether they are an individual or a legal entity, whether they are institutional, dealers or end-user customer, their geographic location industry, trade history with the Company and existence of previous financial difficulties.

As at 31 March 2022 and 31 March 2021, there is no major customer in terms of credit risk for the Company.

Expected credit loss for trade receivables

The Company based on internal assessment which is driven by the historical experience current facts available in relation to default and delays in collection thereof, the credit risk for trade receivables is considered low. The Company estimates its allowance for trade receivable using lifetime expected credit loss. The balance past due for more than 6 months (net of expected credit loss allowance), is ₹ Nil (31 March 2021: ₹ Nil)

Expected credit loss on financial assets other than trade receivables

With regards to all financial assets with contractual cash flows other than trade receivable, management believes these to be high quality assets with negligible credit risk. The management believes that the parties from which these financial assets are recoverable have strong capacity to meet the obligations and where the risk of default is negligible and accordingly no provision for expected credit loss has been provided on these financial assets.

ii. Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions without incurring unacceptable losses or risking damage to the Company's reputation.

Jubilant Infrastructure Limited
Notes to the financial statements for the year ended 31 March 2022

The Company's treasury department is responsible for managing the short term and long-term liquidity requirements. Short term liquidity situation is reviewed daily by Treasury. Longer term liquidity position is reviewed on a regular basis by the Board of Directors and appropriate decisions are taken according to the situation.

Exposure to liquidity risk:

The following are the remaining contractual maturities of financial liabilities at the respective date, the amount are gross and credit covered, and include contractual indent payment and exclude the impact of netting adjustments.

(₹ in lakhs)					
31 March 2022	Contractual cash flows (1)				
	Carrying amount	Total	Within 1 year	Between 1 and 2 year	More than 2 year
Non-derivative financial liabilities					
Trade payables	1,786.93	1,786.93	1,786.93	-	-
Borrowings	15,625.00	15,625.00	-	-	15,625.00
Lease liabilities	4.14	4.14	1.32	1.50	1.32
Other financial liabilities	563.80	563.80	563.80	-	-

31 March 2021	Contractual cash flows (1)				
	Carrying amount	Total	Within 1 year	Between 1 and 2 year	More than 2 year
Non-derivative financial liabilities					
Trade payables	594.27	594.27	594.27	-	-
Borrowings	17,425.00	17,425.00	-	-	17,425.00
Lease liabilities	10.33	10.33	4.24	3.26	2.83
Other financial liabilities	266.20	266.20	266.20	-	-

(1) Contractual cashflows exclude interest payable

iii. Market risk

Market risk is the risk that changes in market prices – such as foreign exchange rates, interest rates and equity prices – will affect the Company's financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters.

Currency risk

The Company is not exposed to currency risk to the extent that there is a mismatch between the currencies in which sales, purchases and borrowings are denominated.

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company is not exposed to interest rate risk because funds are borrowed at fixed interest rates.

Exposure to interest rate risk

The interest rate profile of the Company's interest-bearing financial instruments as reported to the management of the Company is as follows:

	31 March 2022	31 March 2021
Fixed-rate borrowings	15,625.00	17,425.00
Total borrowings	15,625.00	17,425.00

Price risk

(a) Exposure

The Company's exposure to equity instruments price risk arises from investments held by the Company and classified in the balance sheet as fair value through other comprehensive income.

Jubilant Infrastructure Limited
Notes to the financial statements for the year ended 31 March 2022

Particulars	As at 31 March 2022	As at 31 March 2021
Investment 1% increase	3.28	1.92
Investment 1% decrease	-3.28	-1.92

Note 30: Capital management

(a) **Risk management**

The Company objectives when managing capital are to

- Safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders and
- Maintain an optimal capital structure to reduce the cost of capital.

In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt.

Consistent with others in the industry, the Company monitors capital on the basis of the following gearing ratio:

Net debt (total borrowings (excluding finance lease) net of cash and cash equivalents and other bank balances) divided by total 'equity' (as shown in the balance sheet).

The gearing ratio were as follows: -

	(₹ in lakhs)	
	31 March 2022	31 March 2021
Net debt	14,728.38	15,058.50
Total equity	19,092.17	18,012.97
Net debt to equity ratio	0.77	0.83

Note 31: Segment information

An operating Segment is a component that engaged in business activities of which it may earn revenues and incur expenses. The Company considered one business segment i.e. Infrastructure services as the primary reporting segment on the basis that the risk and returns of the Company primarily determined by the nature of products and services. Chief operating decision maker of the Company is CFO, which reviewed the periodic result of the Company. The Company earns all revenue in India and has all non-current assets located in India.

Total cash outflow for leases (including interest on lease liabilities)	6.19	1.35
Total	6.19	1.35

(This space has been intentionally left blank)

Jubilant Infrastructure Limited
Notes to the financial statements for the year ended 31 March 2022

Note 34 (c) Leases: As a lessor

As a lessor, the Company has significant operating lease arrangements which are non-cancellable for a fixed period of 5 years and 25 years. The lease rental income is subject to escalation whereby the Company is entitled to increase the lease rental by 5% to 10% of the average lease rental of preceding three years blocked period.

The following table sets out maturity analysis of lease payments, showing the undiscounted lease payments to be received after the reporting date

Particulars	(₹ in lakhs)	
	As at 31 March 2022	As at 31 March 2021
Less than 1 year	446.21	290.83
One to two years	452.95	299.28
Two to three years	474.68	306.02
Three to four years	489.83	319.78
Four to five years	495.07	328.31
More than five years	8,833.28	4662.57
Total undiscounted lease payments	11,192.12	6,206.79

Rental income recognised under such lease during the year ended 31 March 2022 are ₹ 370.54 lakhs (31 March 2021: ₹ 278.33 lakhs)

Note 35. Employee benefits

(A) Defined contribution plans

The Company has certain defined contribution plans such as provident fund, and employee pension scheme wherein specified percentage is contributed to these plans. During the year, the Company has contributed following amounts to:

Particulars	(₹ in lakhs)	
	For the year ended 31 March 2022	For the year ended 31 March 2021
Employer's contribution to provident fund	54.59	63.51
Employer's contribution to employee's pension scheme	18.41	29.39

(B) Defined benefit plans

i. Gratuity

In accordance with Ind AS 19 "Employee Benefits" liabilities with regard to the Gratuity Plan are determined by actuarial valuation, performed by an independent actuary, at each balance sheet date using the projected unit credit method. The discount rate assumed is 7.20 % p.a. (31 March 2021: 6.80 % p.a.) which is determined by reference to market yield at the Balance Sheet date on Government bonds. The retirement age has been considered at 58 years (31 March 2021: 58 years) and mortality table is as per IALM (2012-14) (31 March 2021: IALM (2012-14)). Expected average remaining working lives of employees are 18.72 years (31 March 2021: 21.04 years).

The estimates of future salary increases, considered in actuarial valuation is 10% p.a. for first three years and 6% p.a. thereafter (31 March 2021: 10% p.a. for first three years and 6% p.a. thereafter), taking into account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

(C) Risk exposures

Valuations are based on certain assumptions, which are dynamic in nature and vary over time. As such valuation of the Company is exposed to follow risks:

- i) Salary increases- actual salary increases will increase the plan's liability. Increase in salary increase rate assumption in future valuations will also increase the liability.
- ii) Discount rate : reduction in discount rate in subsequent valuations can increase the plan's liability.
- iii) Mortality and disability – actual deaths and disability cases proving lower or higher than assumed in the valuation can impact the liabilities.
- iv) Withdrawals – actual withdrawals proving higher or lower than assumed withdrawals and change of withdrawal rates at subsequent valuations can impact plan's liability.

Jubilant Infrastructure Limited
Notes to the financial statements for the year ended 31 March 2022

Note 36. Ratios

Sr. No.	Ratios	Unit	Numerator	Denominator	31 March 2022	31 March 2021	% Variance	Reason for variance
(a)	Current ratio	in times	Current assets	Current liabilities	2.08	3.97	(47.69)%	Decrease in ratio mainly due to reduction in other bank balance by ₹ 1,530.30 lakhs and increase in trade payable by ₹ 1,192.66 lakhs during the year ended 31 March 2022.
(b)	Debt equity ratio {Net debts: Non-current borrowings (including current maturities and gross of transaction costs) + current borrowings - cash and cash equivalents - other bank balances}	in times	Net debts	Net worth	0.77	0.84	(7.72)%	Not applicable
(c)	Debt service coverage ratio {Earning for debts service : Profit after tax + depreciation and amortisation expense + finance costs+ loss on sale of property, plant and equipment } {Debt service: Finance costs + scheduled principal repayments (excluding prepayments) during the period for non-current borrowings}	in times	Earning for debts service	Debt service	2.72	2.36	15.23 %	Not applicable
(d)	Return on equity {Equity: Total assets - total liabilities, Average equity: Average of opening and closing equity }	%	Net Profit for the year	Average equity	0.05	0.06	(20.41)%	Not applicable
(e)	Inventory turnover {Average inventory: Average of opening and closing inventories}	in times	Cost of goods sold	Average inventory	16.92	26.77	(36.79)%	Decrease in ratio mainly due to increase in inventory by ₹ 587.91 lakhs during the year ended 31 March 2022.
(f)	Debtors turnover {Average trade receivable: Average of opening and closing trade receivables}	in times	Revenue from operations	Average trade receivable	5.88	5.42	8.56 %	Not applicable
(g)	Trade payables turnover {Net purchases: Gross purchases - purchase return + other expenses net of non cash expenses and donations } {Average trade payables: Average of opening and closing trade payables}	in times	Net purchases	Average trade payables	8.80	8.61	2.22 %	Not applicable
(h)	Net capital turnover {Working capital = Current assets-current liabilities}	in times	Revenue from operations	Working capital	4.66	3.05	52.65 %	Increase in ratio is mainly due to increase in revenue from operations by ₹ 2,557.09 lakhs which is primarily due to increase in unit sale price of steam year on year basis.
(i)	Net profit ratio	%	Profit for the year	Revenue from operations	0.07	0.11	(31.93)%	Decrease in ratio mainly due to reduction in net profit by ₹ 170.76 lakhs during the year ended 31 March 2022. This decline is primarily due to stark increase in the coal prices during the year.
(j)	Return on capital employed {Earnings before interest and taxes (EBIT): Profit before tax + finance costs + exceptional items} {Capital employed: Total equity + long term borrowings + short term borrowings-deferred tax assets+deferred tax liabilities}	%	EBIT	Capital employed	0.07	0.09	(19.21)%	Not applicable
(k)	Return on investment {Return on investment: Net fair value gain/(loss) on investments + net gain/(loss) on sale of investments + dividend income } {Average investments: Average of opening and closing investments}	%	Return on investment	Average investments	52.21%	20.83%	150.62 %	Increase in ratio is mainly due to increase in fair value of investment by ₹ 136.20 lakhs for the year ended 31 March 2022.
